

## The S.T.E.A.M.'d Up for Kids Story

In 2019, Powerland Heritage Park launched S.T.E.A.M.'d Up for Kids, an event designed to engage children in Science, Technology, Engineering, Arts, and Math. This fun and educational event, inspired by the annual Great Oregon Steam-Up, was immediately embraced by the community.

The COVID-19 pandemic led to a brief hiatus in 2020 and 2021, but 2022 saw a successful return. Families throughout Oregon were able to once again enjoy signature features like Steam Traction Engine pulled wagon rides, trolley rides, building projects, and the exploration of 14 amazing museums. Kids learned about historic machines and dabbled in arts and crafts while participating in a scavenger hunt on the park's 62 acres.

2024 marks the fourth annual event, further solidifying its success, with lots of new surprises! Taking place every May, S.T.E.A.M.'d Up for Kids exemplifies the joy of experiential learning and discovery. It's a kid-focused version of the Great Oregon Steam-Up, potentially even more fun.

Enjoy your day at S.T.E.A.M.'d Up for Kids!

### BROOKS, OREGON

3995 Brooklake Rd. NE, Brooks OR 97303

## The Antique Powerland Museum Association Vision and Mission Statement

**VISION:** The public will be able to appreciate the heritage of early day machines and better understand the significance of this technology, upon which modern machines, vehicles, and farm equipment is based.

**MISSION:** To educate the public about the history and operation of machines and the role they played in modern technology and quality of life.

### We are all Volunteers

The entire facility is operated and maintained by loyal, dedicated volunteers. Each of the museums at Powerland Heritage Park is an independent "partner" museum and each has their own expenses. About 700 volunteers help put on the Steam -Up show each year.

### Give a Gift to APMA for Improvement at Powerland Heritage Park

The financial generosity of our supporters helps keep the machinery operating, the lights on, and the water system maintained. Gifts allow us to make improvements to the grounds, like improved walkways restrooms, and other ongoing projects.
